⁽¹⁾ The Initial Interest Rate reflects .25% rate reduction under the Premier Plus Mortgage Discount Program. Please speak to a Loan Officer for more information on eligibility requirements.

⁽²⁾ As of January 5, 2018 the "index" value of weekly average yield on United States Treasury securities adjusted to a constant maturity of 3 years is 2.06% as published by the Federal Reserve Board in Selected Interest Rates Publication H15. A "Margin" of 2.75% is applied to the index and the result rounded to nearest one-eighth of percentage point to derive the "Fully Indexed Rate" which is the Subsequent Rate disclosed above. The Subsequent Rate and APR that will apply to your loan may be different and will depend on the index value in effect at the time of rate adjustment.

⁽³⁾ The Effective Period for the Subsequent Rate is based on an assumption that it will remain in effect for the remainder of the loan. However, the Subsequent Rate for your loan will adjust every 36 months after the initial period. At each adjustment, the rate will not increase or decrease by more than 2% from the prior rate and the rate will never exceed 5% over the initial rate.

⁽⁴⁾ Annual Percentage Rate (APR) assumes 30-year loan term and 20% down payment or equity on 1-4 family, owner-occupied primary residence and \$424,100 loan amount. The APR is variable-rate and may increase after consummation. Property insurance is required. Rate subject to change at any time. Subject to credit approval.
