

Important Information Regarding Recent Local Debit Card Scam

Dear Valued Client:

It has come to our attention that clients at another local bank have received text alerts from an 844 number, stating their debit cards are locked, and to call 844-237-6009 to unlock the cards. Please be assured Wellesley Bank team members **will not** ask for personal information over the phone, unless the call is initiated by the client to request account information. In that case, we are required to properly identify the client by asking for personal and/or account information. The only 800 numbers we currently use are **800-554-8969** (to report lost or stolen card) and **800-567-3451** (card activation and set or change PIN). Please report any suspicious alerts to your Premier Relationship Banker, or by calling 781-235-2550. We appreciate your business, and strive to keep your information secure.

Thank you,

Your Friends at Wellesley Bank
